

SPLENDID SCHOOL FOR METHODISTS

Rev. James Churm Attends Commencement Exercises at Lawrence University This Week.

Our only Methodist institution of learning in Wisconsin, Lawrence University, Appleton, was chartered in 1847 and opened for instruction in 1849. During the period of its existence, an unusually large number of successful and eminent men have been trained there. No year has however been more fruitful than last the largest class in the history of the school numbering 29, and 5 in the music department graduated at commencement, June 19. President Plantz has made an enviable record during the 8 years of his incumbency, and stands without a peer in this regard in the Wisconsin commonwealth. Dr. J. E. Farmer has been of great service to the college and the work of the general agent, Dr. Davis, is much appreciated.

The attendance in all departments was 463 and the general improvement have been quite marked. Alexander gymnasium, made possible by the generosity of that splendid layman, L. M. Alexander, has been completed and opened during the year. This building is a fine ornament to the campus.

The recitation room of our veteran and much beloved Dr. Lums, has been renovated and rendered attractive. Fences have been built around the athletic field and flower beds now adorn the campus. A home for the Theta Phi fraternity has been purchased and been fitted up much to the delight of the "frats." The board of trustees has authorized the purchase of two houses on the edge of the campus, to be fitted up as a boys' dormitory; thus meeting a long felt need; the board also authorized the purchase of property adjoining Ormsby Ladies' Hall, as an addition thereto to relieve the overcrowded condition.

The courses of study have been extended especially in the departments of Science, History and Economics. There has also been added a 4 year's course of commerce. Three new teachers have been added to the faculty: Prof. N. Dwight Harris Ph.D. to the Chair of Constitutional History; Prof. L. Youtz, Ph.D. to the Chair of Chemistry, named in honor of the late Robert McMillen; Prof. E. S. Merrill, A. B., assistant in Ancient Languages, and Director of Alexander gymnasium.

Dr. Harris graduated from Yale University, took his Ph.D. degree in the University of Chicago, and has spent three years in Europe under celebrated professors, at Berlin and Leipzig Universities.

Dr. Youtz is an alumnus of Simpson College, graduating in 1890 with the degree of Bachelor of Philosophy, three years later he received the Master's degree from his Alma Mater. He took the Ph.D. course in Columbia University and comes well equipped for his work.

Prof. Merrill is a graduate of DePauw, and is pronounced one of the best amateur athletes in the Northwest. Miss Mabel Eddy who has served as preceptress for 6 years, resigned on account of ill-health. The office of preceptress will be joined to that of teacher of literature.

The school work in German and French will be taken by Miss Ida Fleischer, Ph.D. University of Gottingen, has had eight years experience and recently received her Doctor's degree from Germany.

Dr. J. S. Davis was re-elected as general agent. The sermon before the religious societies was ably preached by the Rev. J. S. Lean of Waukegan; the baccalaureate being delivered by President Plantz to a packed and appreciative audience in the First Methodist church of Appleton.

The year has been marked by a deep religious spirit among the students, a goodly number of conversions taking place. A gospel team has been organized and this team has done magnificent work in various sections of the state; in the last four churches visited, upwards of 150 conversions are reported.

The finances show improvement. The McMillan bequest of \$25,000 has been paid and about \$17,000 has been raised in subscriptions, and gifts, during the year. The current receipts have more than paid the expenses of the school. In these latter years the trustees find a surplus instead of facing a deficit.

Honorary degrees were conferred as follows: D. D. upon Revs. Enoch Perry and Ray C. Harker; L.D. upon Gen. Edward S. Bragg consul agent to Cuba; L.D. upon George Emory Fellows, President of the University of Maine and of the class of 1879.

Wisconsin feels proud of Lawrence and it has been predicted that not many years hence she will have 1,000 students in her halls.

DR. SECRIST.

Pay For Services When Cured. It gives me pleasure to certify my wonderful cure by you. I have been afflicted a quarter of a century with catarrh and constipation and nervous debility. A month of your treatment has given me complete relief.

J. D. CALLAHAN.

Dr. Secrist will be at Park hotel Janesville, Monday June 23.

Real Estate Transfers.

Spend All Morning in Chicago.—Take Breakfast in New York.

The Pennsylvania special gives business men all morning in Chicago to clean up the day's work. They may leave on that train at 12 noon and be in New York before business begins next day, going through in 20 hours. First stop for passengers Pittsburgh at 10:20 p. m., Philadelphia 5:56 a. m., Twenty-Third Street 9:56 a. m., New York 9 a. m. Full information about fares, etc., may be obtained upon application by letter.

telegram or in person to H. R. DeBering, A. G. P. Art., 248 South Clark St., Chicago.

HOW RAIN IS FORMED

With regard to the formation of rain we accept the principle developed by Epsy, namely, that the rain comes from the clouds formed by the cooling of ascending currents of moist air. This cooling is due primarily to the fact that when the air ascends by any natural process it also expands, and, therefore, pushes the surrounding air aside. But push and expansion mean that work is being done. The expansion of steam in a cylinder pushes the piston ahead and does the work of the engine, but this work is done at the expense of the heat in the hot steam and the latter cools just in proportion as the work is done. We ordinarily say that the internal heat of the steam is converted into visible work, or the potential energy of pressure is converted into kinetic energy of motion. Just so with the rising air; it expands, does work, and cools at a rather rapid rate as it rises. If it rises until it cools to the temperature of saturation at which it can hold no more moisture than that which is carried up with it, then condensation begins and haze or cloud becomes visible. But in this condensation the latent heat of the condensed moisture is given out, thereby preventing the air from cooling as rapidly as it has hitherto done and it therefore now begins to cool less rapidly and to ascend more rapidly.

The radiation of heat from the upper surface of a cloud at night or the absorption of the sun's rays in the daytime, has less influence when the ascending air rises rapidly than when it rises slowly. The latter case occurs in our extended rainstorms, especially those over the ocean where the clouds often travel at the rate of 100 miles an hour, and the individual particles of air appear to rise relatively very little, possibly a mile in that distance, but, of course rolling over and over each other as they proceed. Some idea of the laws of cooling and of the formation of cloud in such ascending currents as occur when a broad layer of air flows from the ocean landward over a range of mountains, is given in an article by Prof. Pockels, translated and printed in the Monthly Weather Review for April, 1901. There is no doubt but that a little more goes on at the boundary of mixture goes on at the boundary of the ascending air, but on the one hand, this is too small a matter to explain the formation of rain on the outside of a cloud, and on the other hand it does not occur at all in the interior of a cumulus cloud where the rainfall is heaviest.

Just how the particles of cloud happen to come together, or to grow into big drops, has not yet been clearly explained, but in general we know that only a small proportion, possibly 1 per cent. of all the moisture in a cloud comes down as rain, while the rest of the cloud evaporates and disappears.—Further Explanation by Prof. Cleveland Abbe, in the Monthly Weather Review, March, 1902.

JANESVILLE MARKET PRICES

Quotations on Grain and Produce as Reported for The Gazette.

Reported by R. E. McGuire.

June 18, 1902
FLOUR—Retail at 90c @ \$1.10 per sack
Wheat—Winter 70¢ 75¢, spring 75¢
Rye—65¢ per bu.
SALT—60¢ per bu.
CORN—Yellow, 55¢ per bu.
OATS—Common to best, white, 44¢ @ 45¢ bu.
CLOVER SEED—\$5.25 @ \$5.75 100 lbs.
TIMOTHY SEED—\$6.75 @ \$7.00 100 lbs.
FEED—\$6 per ton \$1.20 100 lbs.
BEAN—\$10.50 @ \$11.75 per ton, 40¢ per cwt.
MIDDLING—\$11.50 per 100 lbs., 25¢ @ 32¢ per ton
MEAL—\$1.25 @ \$1.50 100 lbs.
Rye—Clover, 50¢ @ 55¢; timothy, 12.00 to 13.00
WILD, 17¢ @ 18¢
Soybean—77¢ @ 78¢ for oil and 75¢

HOGS—\$5.00 @ \$6.00 per cwt.
SHEEP—\$4.00 @ \$5.00 per cwt.

One may dwell beneath poverty's lowly roof, or live in mansions of brick. They'll find a friend in Rocky Mountain Tea. It rids life of its burdens. Smiths' Pharmacy.

Mutterings of the Married.

(From the Newark News.)
We don't know where the town of Leisure was located in olden time, but marriages in haste these days are repeated at Yankton, S. D.
A bag full of well darned socks is a strong argument against bachelorhood.

There is a husband in Newark who takes home candy only when his wife has a headache. By the time she gets well enough to share it, the box is empty.

Matrimony is a state the governor of which, often as not, wears skirts. Some marriages are like active volcanoes. The volcano that smokes all the time is generally harmless. Also it is unpleasant to have on the premises. Some marriages are like extinct volcanoes. You can never tell.

Swept Into the Arctic.

Seattle, Wash., June 21.—The steamer Nome City has arrived from Nome with the news that the steamer Portland has been caught in the ice, and with its passengers has been carried into the Arctic ocean. The revenue cutter Thetis has gone to the rescue. The Portland is believed to be in a perilous position.

Hiccoughs Stop Breath.

New York, June 21.—Sarah Brackson appeared at Bellevue hospital suffering from hiccoughs. Twenty times a minute her breath stops short and she gives a little gasp. She said she had suffered from the affection for three years. Doctors say she has a slight chance of recovery.

W. Bourke Cockran, L. L. D.

New York, June 21.—At the forty-ninth annual commencement of Manhattan college a degree of doctor of laws was conferred on W. Bourke Cockran.

RAIN BENEFITS TOBACCO PLANTS

Farmers Rejoice in Yesterday's Dampness, as it Insures an Early Crop.

The value of the rain that fell so gently at frequent intervals yesterday can hardly be estimated when the interests of the tobacco farmers are considered. Three-fifths of the proposed acreage of tobacco, has been planted and two-thirds of that amount was planted this week.

The rain of yesterday started every plant in its way to maturity at once, and forbodes an early crop. It will also help the late plants in all the beds and give the farmers a chance to use them in their fields or to sell them to some unlucky neighbor.

Best Crop Prospects

Never before in the history of tobacco growing in Rock county has there been such flattering prospects for a fine crop of the weed at this time of the year, than at present. Surely the fates are playing kindly with the farmers this year and the latter have good cause to feel elated at the prospects in store for them.

Work Progress: Contractor J. W. Peters, who is constructing the cement post factory, has that work well under way. The foundation of the main building is completed and a considerable portion of the walls of the superstructure erected at the east end of the foundation and a few floor timbers placed.

Some idea of the magnitude of the work on hand by Contractor Peters, is gained when it is known that nearly a half million of brick will be used in the walls. The work of construction will progress more rapidly when the slide track is completed and material can be delivered on the grounds more rapidly.

REV. R. M. VAUGHAN HIGHLY HONORED

Janesville Pastor Placed on the Advisory Board of the University of Chicago.

Rev. Richard M. Vaughan, pastor of the Baptist church, has been honored by the University of Chicago, he having been elected a representative of the divinity alumni to the university congregation. This is an advisory body which meets quarterly and has general supervision of all affairs connected with the university. It is composed of all of the members of the faculty, the graduates who hold the higher degrees and the elected representatives.

Rev. Vaughan was present at the commencement exercises of the university this past week, and delivered an address before the divinity class of graduates and also before the alumni association at its annual reunion.

YEARS OF EXPERIENCE

Are Absolutely Necessary in The Tea And Coffee Business. To thoroughly understand the tea and coffee business it is necessary for one to have years of experience. The man who has passed through these trials in Janesville is O. D. Bates, the grocer, corner of Main and Court streets. Mr. Bates conducted not only an exclusive tea and coffee store here for years but ever since he has been in the grocery business he has made a specialty of a tea and coffee department that pushed as a leader an excellent blend of coffee at 25 cents per pound as well as the best 50-cent tea on the market.

J. G. DE LONG AT DERBY

Was Assigned To Cover The Event For The Tribune.

J. G. DeLong, a former well-known Janesville boy, who now resides in Chicago now holds a responsible position on the editorial staff of the Chicago Tribune. Mr. DeLong was recently sent to Michigan City to report the yacht race and was today reporting the great derby at Washington Park. He has also made several trips of late to different portions of the country in the interest of his paper.

A Prescription.

(Chicago Record-Herald.)
Does life seem vain and empty,
Are all things going wrong,
And is there little music
Left in the old, sweet song?
Has the poppy lost its brilliance,
The roses its fragrance, too?
Take something for your liver,
And see how that'll do.
Have the glad old hopes departed,
Are the old friends cold today?
Are the splendid plans all scattered
Behind along the way?
Has the ship for which you've waited
Been wrecked on far off shores?
Go out and walk like sixty
And open up your pores.

AWARDS WIDOW BIG DAMAGES

Long Island Woman Gets \$50,000 Damages Against Texas Ranchman. New York, June 21.—Mrs. Almee C. Mercer of Jamaica, L. I., secured an award of \$50,000 for breach of promise in an action against Christian Baldur, a ranchman of Arroyo, Cameron county, Texas. Mrs. Mercer is a widow, handsome and thirty-eight. She says she became engaged to Mr. Baldur May 10, 1900, after knowing him a few weeks. She produced endearing letters to establish her claim.

RESULTS OF FRIDAY'S GAMES

American League.
Cleveland, 8; Washington, 5.
Detroit, 3; Boston, 0.

National League.
New York, 3; Brooklyn, 1.
Philadelphia, 2; Boston, 0.

American Association.
Columbus, 7; Toledo, 1 (seven innings).
Three-Eye League.
Cedar Rapids, 7; Evansville, 2.

Frank Nequette will spend the Sabbath with relatives in Whitewater.

PLEASANT SOCIAL GATHERING

Misses Holloway Entertained Friends at Their Oakland Avenue Home. The Misses Ethel and Mable Holloway entertained about thirty friends at an ice cream and strawberry social, last evening, at their home, No. 8 Oakland avenue.

The evening was spent at cards and various other games and a pretty lunch was served. The Misses Edna Jones, Edith Reynolds and Mable Hans acted as waiters. The remainder of the evening was spent in listening to a musical program and also to some excellent elocutionary selections given by a well-trained impersonator, a member of the company.

The guests stated that it was the pleasantest evening they had enjoyed this season and all declared the Misses Holloway to be charming entertainers.

GRADUATES WITH HIGHEST HONORS

Son of Judge B. F. Dunwiddle Wins the Copley Scholarship at Wayland Academy.

Mrs. B. F. Dunwiddle and son Allan have returned home from Beaver Dam where they attended the commencement exercises at Wayland academy, a Baptist educational institution. Stanley Dunwiddle, eldest son of Judge and Mrs. Dunwiddle, was a member of the graduating class and finished with high honors, having won the Copley scholarship. This scholarship, which entitles the holder to a year's tuition in the university of Chicago, and is the equivalent of \$100 was awarded for the second best standing in the last two years of the course.

Mr. Dunwiddle has been at Wayland academy for two years, having entered as a Junior. He graduated from the ancient classical and will continue his education at some higher college though he has not decided on the institution. His oration at the commencement exercises on Thursday was especially strong and was highly praised, his subject being, "The Making of an American Citizen."

Mr. Dunwiddle has accompanied Prof. E. P. Fox, principal of Wayland academy, on a fishing trip to Fox Lake and will not return home until Monday. Herbert Goldin, who also attends Wayland academy, returned home yesterday and Malcolm Jeffris came Tuesday.

Don't be persuaded into taking something said to be "just as good" as Madison Medicine Co.'s Rocky Mountain Tea. There is nothing like it. 30 cents, no more, no less. Smiths' Pharmacy.

SPOONER AND TILLMAN

Wisconsin Senator's Remarks on A South Carolinian's Whistling. Senator Tillman is the greatest whistler in either branch of congress. He walks through the senate lobbies puffing away at the popular airs like any gamin, and does not seem to mind a little bit the frowns of Senators Hoar, Allison, Platt of Connecticut, and other sticklers for senatorial dignity. The other day Tillman came sauntering into the marble room tuning up as usual.

"What's that he's whistling?" asked Mr. Spooner.
"That's 'All Coons Look Alike to Me,'" replied Mr. Fairbanks, who is up on classic music.
"Humph!" ejaculated Mr. Spooner, "to judge from his speeches I should say they do."

Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it.

Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now in good health." Mrs. J. H. Joris, Parker City, Ind.

Hood's Sarsaparilla promises to cure and keeps the promise.

BOARD OF REVIEW.

City of Janesville.

Public notice is hereby given that the Board of Review of said city of Janesville will meet at the office of the undersigned city clerk thereof on the 25th day of June, 1902, at nine o'clock a. m., for the purpose of reviewing and examining the assessment roll of real and personal property in said city, and awarding additions and abatements of real and personal property therein and of bank stock, and of correcting all errors in said roll, either in the description of property or otherwise.

A. E. BADGER,
City Clerk.

Dated Janesville, Wis., June 19th, 1902.

COLORADO

The way to get the best accommodations is via the...

GREAT ROCK ISLAND ROUTE

WHY? It is the only direct line to Colorado Springs and Manitou. It is the popular route to Denver. It has the best dining car service. It has the finest equipment and most satisfactory schedule, and in the ROCKY MOUNTAIN LIMITED offers the best train, only one night, Chicago to Colorado.

It leaves Chicago daily at 5:45 p.m. and arrives at Denver 8:45 p.m., Colorado Springs (Manitou) 8:30 p.m. Another inducement to use the Rock Island will be the round trip rates of \$25 Chicago to Colorado and \$15 Missouri River points to Colorado effective this summer by that line. Ask for details and free books.

"Under the Turquoise Sky" gives the most fascinating description of Colorado. "Camping in Colorado" has full details for campers.

FRANK GILMER, T.P.A., 409 Rialto Bldg., Chicago.

LATE TELEGRAPHIC NEWS

JONES OPPOSES
PHILIPPINE BILL

Prefers Present Hybrid Government to Proposed Civil Rule.

EASY FOR FRANCHISE SHARKS

Says Corporations and Syndicates Would Have No Trouble in Getting Grants to Strip the Forests and Securing Titles to Farm Lands.

Washington, June 21.—Debate on the Philippine civil government bill continued in the house, Mr. Jones of Virginia making the principal speech in opposition to the measure. Other speakers were Messrs. Hamilton of Michigan and Kahn of California for the bill and Mr. Patterson of Tennessee against it. During his speech Mr. Jones declared that, in his opinion, it would be better for the Filipino people to live under the present hybrid rule than to have imposed on them the civil government proposed by the pending measure, which would enable that civil government to dispose of all the valuable franchises in the islands, to strip the forests of their timber and sell the agricultural lands to corporations and syndicates. Mr. Jones devoted considerable time to the question of the ability of the Filipino people of self-government.

Why Not Criticize Army?
Referring to the charges of cruelty made against Gen. Smith and Major Waller, Mr. Jones turned to the Republican side and asked: "Why is it that you criticize and court-martial Schley, but you will not touch a hair in the head of those who have confessed to participating in these diabolical outrages? Why criticize an officer of the navy and refuse to listen to criticisms of an officer of the army? It is not the soldiers who should be held up to execration," declared Mr. Jones, "but those who ordered such outrages and those cowards who seek to smother them."

Mr. Hamilton, in reply, continued his speech as follows: "We are trying to do what no other nation ever tried to do before. We are trying to give a detached and undeveloped people local self-government under the tutelage and protection of a great world power. We are giving them more than a formal protectorate. We are trying to protect them from themselves within and invasion from without that they may grow up in peace and prosperity."

James Roosevelt.
At the evening session Mr. Adams of Pennsylvania spoke in favor of the bill, while Mr. Robinson of Nebraska, Mr. Small of North Carolina and Mr. Kern of Illinois opposed it. Mr. Kern denied the right of the United States to frame laws for the Philippines, because, in his opinion, the Filipinos are an alien people. He charged President Roosevelt with acting in the Filipino matter without the authority of congress, except as was conferred on him by a meager resolution. "At no stage of the game," said he, "has he done congress the honor to ask advice or counsel." The vital question to his mind, he said, was not so much one of good government as it is one of self government. There is only one man, he declared, "with emphasis, in all the world who can stop the war, and that man is Theodore Roosevelt." "I say to you, Theodore Roosevelt," he exclaimed with vehemence, "that if you are earnest in your loud declarations and want these people to have their liberty and their independence, then say the word and the congress and the people will back you up and hostilities will cease."

RODEY MAY QUIT.

Delegate from New Mexico Resents Inaction by Congress.

Washington, June 21.—Delegate Rodey of New Mexico is contemplating resigning from congress should the senate fail to pass the omnibus statehood bill recently passed by the house. He has asked Delegate Flynn of Oklahoma and Delegate Smith of Arizona to join him in the proposed action, but Mr. Smith, who is a Democrat, has declined because his party in the senate is ready to vote for the bill and Mr. Flynn objects to leaving the house at this session. The senate committee on territories promises to take the bill up at its next session, but its friends are apprehensive that the rush of business in the short session will prevent its consideration.

Mr. Rodey will say that congress, after discussing our foreign possessions for months, should find time to investigate the claims of 1,250,000 American citizens residing in the territories. The pending bill is the forty-sixth which has been introduced in eleven different congresses extending over half a century. The bill for the admission of New Mexico has passed one branch or the other of congress eighteen times and has passed both branches once, but failed in conference.

PECULIAR PETITION.

Michigan Man Offers to Enlighten World's Astronomers.

Washington, June 21.—A remarkable petition was received from Prof. Theodore Munger of Rochester, Mich., that attracted much attention among members of congress. It was addressed to Representative S. W. Smith of Michigan, and he secured its reference to a proper committee. The petition states that Professor Munger "knows and understands how nature turns the earth," and he agrees to explain it to the world provided he receives five cents from each astronomer in all nations who teaches astronomy. He understands that \$50,000 has been offered for "anyone who can determine why the gyroscope top makes such peculiar moves."

Professor Munger, who announces that he has been a student of science for fifty years, guarantees to develop some entirely new principles, especially in explanation of the gyroscope top. "Kicks against this petition will be considered a hindrance to the cause of science" is the warning sentence which closes the petition.

MRS. RIDGELY DYING.

Senator Cullom's Only Surviving Child Is Near Death.

Washington, June 21.—Mrs. William Barrett Ridgely, wife of the comptroller of the currency and daughter of Senator Cullom, is very low and her life is despaired of. She was subjected to an operation immediately after her arrival at St. John's hospital, Baltimore. The operation was pronounced successful, but it left Mrs. Ridgely in great pain and with diminished vitality.

Settle West Point Bill.

Washington, June 21.—The senate and house conferees on the military academy appropriation bill have reached an agreement. The senate receded from its amendment increasing to the extent of \$1,000,000 the fixed cost of the new buildings at West Point, leaving the figure as placed by the house at \$5,500,000. The amendment providing for the purchase of Constitution Island, N. Y., also was stricken out. Most of the other senate amendments were accepted.

Yield to Cattlemen's Protest.

Washington, June 21.—The cattle interests of the southwest having objected to the present law that live stock shall be unloaded from cars every twenty-eight hours for rest, feed and water, the house committee on commerce ordered a favorable report on a bill urged by these interests fixing the period at forty hours. This is claimed to insure humane treatment and not unduly to burden the cattle shippers.

Confirm Crozier.

Washington, June 21.—The senate in executive session confirmed the nomination of General Crozier to be chief of ordnance. The vote on the motion to confirm was 44 to 12. The discussion of the nomination was again led by Senator Proctor, in opposition to confirmation. Senators Warren, Pettus and Foraker made brief replies.

GOVERNOR PARDONS DR. REGENT

Convicted of Conspiracy to Defraud Fraternal Society.

Chicago, June 21.—A wife's devotion, faithful and unwavering in the face of disappointments and the privations of poverty, broke down the barriers of Joliet penitentiary for Dr. Michael N. Regent and sent him forth a free man. A train bore him back to Chicago and he gathered about him his four little children and a host of friends in his temporary home at 495 West Fourteenth street.

Dr. Regent was sentenced to Joliet for an indefinite period during the November, 1900, term of court, his offense being a conspiracy to defraud an insurance society, the Knights and Ladies of Honor, of Kansas City. The trial attracted widespread attention. In addition to his prison sentence it was decreed that he should serve out in the bridewell a \$1,000 fine after his release, but this was set aside by Governor Yates.

Jessie Morrison on Trial.

Eldorado, Kas., June 21.—A jury to try Jessie Morrison for a third time for killing Mrs. Olin Castle in June, 1900, was completed after a week's effort, and the taking of testimony was begun. Miss Morrison killed Mrs. Castle by slashing her throat with a razor. The first jury disagreed and the second found her guilty and assessed her punishment at ten years' imprisonment. This verdict was reversed on a technicality.

Valet Jones Gives Bail.

New York, June 21.—Charles F. Jones, the valet of Millionaire William M. Rice, who was chloroformed at his residence in Madison avenue, and for whose murder Adolph T. Patrick, a lawyer, was convicted in general sessions a few months ago, was admitted to bail by Recorder Gott in the sum of \$1,000.

Wrecks Twenty-six Houses.

Vienna, June 21.—A cyclone has destroyed twenty-six houses in the town of Brzezany, Austrian Galicia. The inmates of the houses escaped death by taking refuge in a church cellar.

WILL CURTAIL
COAL SUPPLY

Bituminous Workers to Be Requested to Refrain from Labor.

TO PREVENT STORAGE SCHEME

President Mitchell Will Call on 42,000 Miners in Pennsylvania to Leave the Collieries and Join the Strike—First Gain for Miners.

Wilkesbarre, Pa., June 21.—The Wilkesbarre headquarters of the United Mine Workers has issued a notice which is being mailed to every labor organization in the country, appealing to every law-abiding man to stay away from the anthracite district until the strike is ended. It sets forth that the operators are offering high prices to secure non-union men.

The first move to test the feeling of the soft coal miners who have contracts for the year regarding the proposed national strike will be made next Wednesday afternoon, when the 42,000 miners in the organized district of this state are ordered to stop work according to the restriction plan inaugurated by President Mitchell. Similar orders are prepared for the Ohio, Illinois and Iowa and smaller districts, also to go into effect next week. In the central belt of states the restriction is not to prevent the coal from reaching an anthracite market, but to prevent it being stored by the operators to be used in the event a strike is declared.

Miners' First Gain.

The first gain made by the miners is at the Sandy Run colliery of M. S. Kemmerer & Co., where the engineers, firemen and pumpmen will resume work under the eight-hour day rule for the same pay as they received for a twelve-hour day.

The eviction of the Cox Bros. & Co.'s employees at Onelda, which was threatened, has been postponed, and the officials do not state when the attempt will take place. The strikers occupying these houses have been instructed by District President Duffy to make no resistance in the event of eviction, but to commence action for damages in the civil courts.

On Wednesday night men broke into the camp of the Susquehanna Coal company at Nanticoke and fired at the guards. A number of them replied, shooting in the air, and the attackers were driven off. Burgess Williams had ten of the guards arrested. Two were discharged, the remainder were fined \$5. The charge was shooting firearms within the town limits. At Plymouth two guards who were flourishing revolvers and were drunk were fined \$20 and sent to jail for thirty days in default of payment. In the city those who have been arrested were fined \$2 and costs.

SUPPLY IS SHORT.

Secretary Wilson Estimates It Would Not Last Three Months.

Indianapolis, Ind., June 21.—Secretary Treasurer Wilson of the United Mine Workers estimates that if a general mine strike is called the supply of bituminous and anthracite coal above ground will not last three months.

According to his estimate, if the national convention in Indianapolis on July 17 should vote for a general suspension of work, in support of the anthracite strike, the industrial machinery of the United States would be so handicapped for fuel that thousands of factories would have to suspend work.

Wilson has statistics showing there are 450,000 miners in the country, scattered through thirty states. The miners of twenty-four states would be involved if there should be a suspension of operations. The Indiana operators have a short supply of coal on hand. Probably the largest supply of coal is in the bins at Buffalo, N. Y., and other cities along the great lakes. The supply is shorter than usual.

At the coming convention the belief is that western Pennsylvania, Indiana, Ohio, and Illinois will take a hand against a general strike. These states have contracts they do not want to break. The combined vote of the competitive district with that of Iowa is expected to prove strong enough to prevent the success of the proposition for a general strike.

There are a number of states whose agreements expire July 1, and it will depend largely on the outcome of the deliberations between their operators and miners as to where the balance of power will lie in the convention.

Music Teachers End Meeting.

Joliet, Ill., June 21.—The state convention of the Illinois Music Teachers' association elected the following officers: President, Allen Spencer, Chicago; vice president, Frederick Mueller, Galesburg; secretary and treasurer, Frank S. Hannah, Chicago.

Fieldhouse Gets Job.

Springfield, Ill., June 21.—Governor Yates has appointed Col. Walter Fieldhouse of Chicago inspector general

of the Illinois National Guard, vice Moulton, promoted to brigadier general.

Cotton Buyer a Suicide.

New Orleans, La., June 21.—George Auchmuty, one of the most prominent cotton buyers in the local field, well known in New York and Liverpool, committed suicide in his office.

"A Bas Loubet!" Costs 1,000fr.

Paris, June 21.—A Rouen tradesman named Foucault has been fined 1,000 francs for crying "A bas Loubet!" while the president was on his way to the Paris culinary exhibition.

Beats Way to Lyons Babe.

Kansas City, June 21.—Because her babe was dying here and she had no money to pay railroad fare, Mrs. Mildred Goodrich of Chicago dressed in men's clothing and, accompanied by her husband, beat her way to Kansas City in a box car.

One Year for Most.

New York, June 21.—Johann Most, who was convicted on a charge that he printed an incendiary article in a newspaper conducted by him, was sentenced to serve one year in the penitentiary.

Transit Tunnel Accidents.

New York, June 21.—There were three accidents in the rapid transit tunnel, at which a number of persons were injured, though none of them, it is thought, are seriously hurt.

Haviland Is Dead.

Denver, June 21.—Charles Frederick Haviland of New York, American representative of the great French china manufacturing house, died at the Oakes home in this city.

Freed of Suspicion.

St. Louis, June 21.—Mrs. Annie Muller and her 14-year-old daughter Emma, who have been mysteriously missing since the morning of May 7, appeared at the police station, where Hermann Muller, the husband and father, had been held prisoner, suspected of double murder.

Children's Home Society.

Sioux Falls, S. D., June 21.—The annual convention of the National Children's Home society elected the following officers: President, Prof. C. R. Henderson, Chicago; secretary and national superintendent, H. H. Hart, Chicago; treasurer, J. P. Dysart, Milwaukee.

Accident on Torpedo Boat.

Newport, R. I., June 21.—During the official speed trial of the torpedo boat Blakeley the main and intermediate valve chests in the after engine room became fractured. Chief Engineer Mason and Assistant Prior were badly scalded.

WORN TO A SHADOW.

When there is a falling off in flesh in woman or man there is "something wrong." And that something wrong is generally a loss of nutrition due to disease of the stomach and the other organs

of digestion and nutrition. Sometimes this loss of flesh is accompanied by variable appetite, but in many cases the appetite does not fall and there may be a constant desire to eat. Langor, nervousness, irritability, sleeplessness, are symptoms often associated with this loss of nutrition and falling off in flesh.

Doctor Pierce's Golden Medical Discovery cures disease of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that lost flesh is regained and the physical health re-established.

"I had suffered from indigestion and only those who have suffered from it know what it really is," writes Mrs. M. J. Fagan, of 1613 East Chicago St., Chicago, N. Y. "I had had severe attacks of headache and dizziness, with cold hands and feet; everything I ate distressed me, bowels were constipated and I was growing very thin and nervous. I cannot half express the bad feelings I had when I commenced taking Dr. Pierce's Golden Medical Discovery. I took nine bottles of the 'Discovery' and have taken several bottles of Dr. Pierce's Pleasant Pellets. I commenced feeling better with the first bottle and kept on improving. Now I am so greatly improved in health my friends often speak of it. I most heartily recommend these medicines to all suffering as I was."

The People's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps for expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Kodol
Dyspepsia Cure

Digests what you Eat

In speaking of indigestion, Dr. Lewis says: "It is deplorable that so many hundreds of thousands of Americans suffer from indigestion. It means that the blood of the nation is becoming impure; for undigested food poisons the blood." Unless a method is devised for overcoming this malady, our race must deteriorate. Many persons use soda tablets to neutralize fermenting food; this only makes a chemical receptacle out of the stomach, and injures its sensitive structures. Others feed on pepsin, which is better, but not sufficient, for it digests only albuminous foods. The preparation best fitted to relieve and absolutely cure indigestion is Kodol Dyspepsia Cure. It contains every known digestant and digests every kind of food. Its use is a common sense method of treating all stomach troubles, and the results are always certain.

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size.

When you need a soothing and healing application for piles, sores and skin diseases, use DeWitt's Witch Hazel SALVE. Beware of counterfeits.

Above Preparations are sold by M'CUE & BUSS.

PICNICS ARE HELD IN SPIKE OF RAIN

STORM NO BAR TO OUTINGS

Lots of Fun at Idlewild Park, the Golf Grounds, and Down the River.

Yesterday was scarcely an ideal day for picnics but several outings which were scheduled for the day proved both delightful and successful in spite of the heavy rains. It takes a worse display of the stormy elements than that of yesterday to keep young people from having a good time and the class picnic and some Sunday school outings were carried out according to programme.

Graduates Have A Gay Time.
Members of the High School class of '02 used the class name of seniors which they have borne so proudly for the past year, for the last time yesterday when their Senior class picnic, the closing event of their student life in the high school was held.

The rains yesterday noon frightened some of the members of the class keeping them at home, but about thirty graduates boarded the steamers Columbia at 2 o'clock in the afternoon and had a delightful ride up the river to Idlewild park. The graduates had been preceded to the grounds by their chaperones, Mr. and Mrs. W. H. Merritt; Mrs. E. E. Loomis and Mrs. James A. Fathens who made the trip up the river in Mr. Merritt's launch Idlewild.

The afternoon was spent most pleasantly with contests in the bowling alley, rowing on the river and other amusements. During the frequent showers refuge was taken in the summer home of Mr. and Mrs. Merritt and the elegant picnic supper was served on its broad porch.

The party returned home about 8:30 o'clock and the boat ride home was made especially pleasant by the unexpected presence of the moonlight, the clouds having cleared away.

The Go-To-Church Band.
Members of the Go-To-Church Band of the Baptist church had a jolly time yesterday the occasion being their annual picnic. This band is a unique organization being composed of children who hear three of the four special sermons for children which the Rev. Richard M. Vaughan preaches during the year without giving the children previous notice.

This year fifty children are entitled to membership in the band and they were entertained by Rev. Vaughan and the King's Daughters, a committee from this society accompanying the pastor and children to serve the dinner. The party left this city at nine o'clock yesterday morning and a hay-rack ride furnished lots of amusement until they reached their destination a farm three and one half miles down the river. Here all kinds of games had been provided for the entertainment of the children and even the rain did not dampen their pleasure for a large barn was placed at their disposal and in it shelter the children played to their heart's content. The party returned home about three o'clock yesterday afternoon.

For Congregational Children.
Mrs. George M. McDaniel and Mrs. Frank H. Farnsworth entertained the small boys of their classes in the Congregational Sunday school at the golf club grounds yesterday and the youngsters had the happiest kind of a time. Lemonade was served in abundance and the addition of ice cream to the picnic dinner was the crowning feature of the day's delight to the small boys. Games of all kinds were played and only during the heaviest rains was it considered worth while to seek the shelter of the club house and its broad porch.

MANY FROM HERE WITNESSED DERBY

Good Sized Delegation Left the Bower City This Morning for Chicago.

According to local railroad officials the Bower city was represented at the Derby in Chicago today by a delegation that numbered about one hundred. This is considered a representative showing when one takes into consideration that no excursion rates were granted on either the C. & N. W. or the C. M. & St. P. railroads.

During the past few days large sums of money have been placed in this city on the result of today's race. Much cash was also sent from here to Chicago to be placed on the race by friends and booking firms.

Big Award Is Announced.

New York, June 21.—The appellate court in Brooklyn affirmed the verdict of the supreme court at White Plains awarding to Mrs. Lottie B. Dimon \$60,000 for the death of her husband in the Park avenue disaster.

Killed by a Negro.

Little Rock, Ark., June 21.—James Cross was shot and killed by a negro named Martin Nash near Pendleton. Nash was wounded by shots fired by Captain Cross, father of the dead man, and another son, but escaped.

Bennett Will Contest.

Freehold, N. J., June 21.—The contest over the will of Henry M. Bennett, the Pittsburgh millionaire who died recently at Farmingdale, leaving the bulk of his fortune to Laura M. Biggar, the actress, has begun.

Rubber Concern Sold.

New Brunswick, N. J., June 21.—The Milltown India Rubber company, a co-operative concern recently declared bankrupt, was sold to Fred L. Smith of Providence, R. I., for \$66,500. Smith is organizing a rubber company.

Fund for Martinique.

Paris, June 21.—In the chamber of deputies the minister of the colonies stated that subscriptions of all nations to the fund for the relief of Martinique victims amounted to nearly \$6,000,000.

Mr. and Mrs. J. T. Fitchett are the proud parents of an infant son who was welcomed to their home this morning.

A gang of workmen are building additional spur tracks at the C. M. & St. P. R. freight house today on North Main street.

All interested please take notice. The weed commissioner earnestly asks the cooperation of all tillers and land owners, in the destruction of all noxious weeds. O. N. Dutton, Weed Commissioner.

Mrs. George M. Willis and infant daughter Thalia, who have been visiting at the home of Mr. and Mrs. W. W. Willis, 206 Locust street, for the past two weeks returned to their home in Marinette today.

Mary Kimball Mission—106 South Jackson street. Sunday school at 2 p. m., preaching at 7:30 p. m. Topic: "How to Make the Service of Christ Joyous and Happy." Meetings Wednesday, Thursday and Friday evenings. Everybody welcome.

All of the newest makes of spectacles and eye glasses are kept by W. F. Hayes, the eye specialist at F. C. Cook & Co. He is being connected with two of the large manufacturing optical houses, gives him advantages in this line that few have. Mr. Hayes can be consulted in his local office every Saturday and Monday.

Rev. Robert C. Denton goes to Chicago this evening and tomorrow he will occupy the pulpit of the Union Park Congregational church at both morning and evening services. Rev. William H. Short, of Beloit, a former pastor of the Plattville Congregational church, will preach in the local church tomorrow in Mr. Denton's absence.

R. J. Halteman, of this city and Miss Josephine Dudley, daughter of A. H. Dudley, of Chicago, were united in marriage in that city this afternoon the ceremony being solemnized in the Epiphany church on Ashland boulevard. Mr. Halteman is proprietor of the Janesville Spice Co. store on the bridge and has many friends in this city. A cordial welcome will await him and his bride on their return home.

NEWS OF THE CITY IN BRIEF.
Placing New Roofs: The Rock River Machine Co. are putting roofs on several of the buildings that were damaged by fire some time ago and are otherwise improving their property.

Have Finished Sorting: R. G. Merrill closed his tobacco assorting this afternoon, after a continuous run of just twenty-six weeks, or six months. Mr. Merrill began assorting in December and has put up a good sized packing, much of which is very good tobacco.

Marriage Licenses: Marriage licenses were issued yesterday to Oscar Johnson and Ida Samp, both of Beloit, and to F. C. Sherman, of Fulton, and Bertha M. Boyd, of Lima.

New Electric Fountain: The colored electric lights in the fountain at the court house park were turned on for the first time yesterday and they make an attractive display, as they shine through the water in the evening. There are sixteen of the lights and they are placed around the fountain column in three rows, one near the base, one at the center and the third row just below the top decoration of the fountain.

Children's Church: The children's church, which is a unique feature of Baptist church, will be resumed tomorrow morning and will be continued at the morning services during the summer. Mrs. Marion McDonald and Miss Irene Van Vranken will have charge tomorrow morning and excellent care will be taken of the children in the Sunday school room while their parents attend divine service in the church auditorium. All mothers are invited to bring their little ones to be cared for.

Contract Let: The new postoffice building will be erected by M. Yeager & Son of Danville, Ill., to whom the contract has been let by the department at Washington. The bid of M. Yeager & Son was the lowest of those submitted to the supervising architect, the contract price being \$54,379 for the work except the lighting and conduits and the heating plant and the contract will be closed within a few days and the actual work of erection will doubtless be commenced in the near future.

TRAFFIC OPENS ON FOREST PARK LINE

NEW ELECTRIC CAR PUT ON

Street Railway Service Resumed Today, After a Shut-Down Covering Several Months.

Today, for the first time in several months, the welcome hum of the trolley and the grinding of wheels over the rails of the Janesville Electric Railway company were heard by the surprised and delighted residents of Forest Park. It was an occasion for rejoicing for though the street cars may be the butt of all kinds of kicks and complaints, they are sadly missed when they do not run.

The Forest Park line has been idle for several months, ever since the power house burned down last winter and the Forest Park car was destroyed by the flames. The line has always been the least profitable one in the city, especially in the winter, and this is doubtless one reason why it was not re-opened earlier this spring.

Owing to the months of idleness the tracks in many places were completely buried under the dirt and sediment deposited over the rails by the heavy rains this spring. During the early part of the week a gang of workmen cleared the tracks and saw that everything was in readiness for the opening of the line.

Regular Trips Begin
The first regular trip was made over the line this morning at 8 o'clock and Motorman Charles Knott has charge of the car which is one of the new ones with double motor. The car will make regular trips every half hour as formerly, and providing liberal patronage is given the street car management promise the best of service.

The opening of the Forest Park line will be greatly appreciated by the residents in that section of the city and by their friends to whom the long walk to this pleasant suburb is not particularly enticing.

ART LEAGUE HEARS BIENNIAL REPORT

Mrs. Tanberg Tells of the Meeting of Woman's Clubs Held at Los Angeles.

Members of the Janesville Art League spent yesterday afternoon very pleasantly at the home of Mrs. A. E. Tanberg, 206 South Main street, a special meeting having been called for the purpose of hearing the reports of the delegates to the sixth biennial of the General Federation of Women's clubs held at Los Angeles, the first of May. All of the Janesville ladies who had been in California together, with the exception of Mrs. J. L. Ford, were present at the meeting.

Mrs. Ford, who returned from California the first of the week, caught a severe cold on her way home and was unable to attend at yesterday's meeting so the report which was to have been given was covered by Mrs. Tanberg, president of the league, who gave the complete report of all the sessions of the convention. Mrs. Tanberg's report was explanatory and successfully the vital points of the convention to the ladies who were not privileged to attend the meetings.

Mrs. Tanberg's report was followed by an informal discussion of California and by some interesting reminiscences by the ladies who recently returned from the Pacific coast, besides Mrs. Tanberg, the ladies who were present at the Los Angeles biennial and at yesterday's meeting were Mesdames W. H. Judd, T. O. Howe, H. S. Johnson and O. H. Brand.

Arrangements were completed for the picnic to be held by the Art League. The picnic to be held at Mrs. Walter Helms' summer home up the river has been postponed from next Wednesday afternoon until Thursday, June 26.

PUBLIC IS AWAKENING

To the Fact That Pasteurized Milk Is Absolutely Necessary

After many months of untiring efforts on the part of the Bower City Creamery company, the public is just beginning to appreciate the true value of pasteurized milk. During the past two weeks the number of customers have nearly doubled. Recommendations from many of the leading physicians of the city have aided the South River street firm in placing many new patrons. Pasteurized milk is as pure as is possible to obtain it. After passing through the pasteurizing process there is absolutely no possible danger from germs. The promoters of the Bower City Creamery Co. have expended a large sum in promoting the local concern and with the great amount of good that they are daily doing on all sides there is no doubt that in time they will receive the hearty support of the majority of milk and cream patrons. The cost of pasteurized milk in Janesville today is no greater than what is being asked for impure milk.

Notice.
The new steamer "Clipper," Captain Alex. Buchholz, will make regular trips to Burr Springs Tuesday, Thursday and Saturdays at 2 p. m. Arrangements for other trips can be made with Capt. Buchholz or by addressing 154 South Jackson street.

NEWS OF A PERSONAL NATURE.

Alexander Buchanan was in Chicago today.

Golf club supper will be held Tuesday evening.

J. B. Dearborn took in the Derby at Chicago today.

Miss Elsie Weaver is quite ill with scarlet fever.

Madame Winsor, who has been in Chicago on a business and pleasure visit, has returned.

George Marsden of the Rock River Machine company, is in Beloit today.

Morgan Wise has returned from a pleasant outing at Lake Kegonsa.

Miss Mamie Conley is entertaining her friend, Miss Fannie Clark of Chicago.

Mrs. Minnie Skelly has gone to the northern part of the state on a business trip.

Miss Emma Lester returned today from a six weeks' visit with her sister in Newton, Kansas.

Burt Hobbs went to Chicago yesterday afternoon to attend the races at Washington park today.

Mr. and Mrs. Charles Hanson and Mrs. James Butt have gone to Chicago for a few days' visit.

Ralph Inman, who has been attending Wayland academy at Beaver Dam is home to spend his vacation.

L. L. Holmes, grand scribe of the Wisconsin encampment L. O. O. F., attended the meeting of Rock River Encampment No. 2 last evening.

Miss Bouche Jaquish left this noon for Oshkosh, to attend the annual party to be given in that city. She will remain about two weeks with friends.

Mrs. J. J. Hall went to Racine last evening to meet her husband who went from Chicago to Racine to play with the Mississippi golf club team in the match game this afternoon.

Mrs. C. A. Normington of Milwaukee who has been visiting relatives and friends in this city for the past two weeks, returned home today, accompanied by Miss Catherine Blunk who will visit in Milwaukee for the next three weeks.

Rev. James Churm, pastor of the First M. E. church and an official visitor of the Wisconsin conference to Lawrence university, has returned from Appleton, after being present at the commencement exercises. Rev. Churm found both pleasure and profit in his visit, one of the finest treats of the commencement program being the address before the graduating class, delivered by Rev. Frank W. Gunsaulus, the eminent divine of Chicago on Thursday morning.

Fred Holt, of this city, is one of the graduates who received a diploma from the Milwaukee normal school this past week. Mr. Holt graduated with high honors, his career at the normal school having been a brilliant one in the class room and in the social relations of student life. He was the president of his class, a member of the debating team and editor-in-chief of the normal annual. He was graduated from the Janesville High school in the class of '99. His brother, Frank Holt, attended the commencement exercises at Milwaukee.

MERCHANTS WANT MORE PROTECTION

WOULD STOP BAD CHARGES

Thirty of the Local Groccerymen Meet and Decide to Fight All Dead Beats.

Thirty of the local grocerymen at a recent meeting formed what is known as the Merchants' Protective association of Janesville. Officers were elected and general business transacted to promote the welfare of the association.

After Bad Debtors
The object of the grocerymen is to fight all delinquent persons who are on their books for accounts which they don't intend to pay.

Are Forced to Action
To a Gazette man an East Side groceryman said: "We have simply formed this association for mutual protection. We don't intend to trust people who never intend to pay their bills. When one of the merchants has a dead beat on his books all that he has to do is to report his name to his fellow grocerymen and they will refuse him credit."

WATERTOWN BOYS HAVE THE MONEY
Willing to Place It on Reinhold Schott the Famous Wrestler—Other Events.

According to Watertown papers there is all kinds of cash on hand in that city which will be displayed here next Thursday evening in favor of Reinhold Schott, who wrestles "The Terrible Turk."

An excursion train will be run from Watertown and will take a delegation all along the line.

Considerable interest is being manifested in all portions of Rock county over the coming event and the indications are that the Myers Grand will be crowded.

The boxing event will be a warm affair and will in itself prove all that is desired.

NOTICE.

To my old patrons and citizens of Janesville: I am in the milk business again ready to furnish you with good clean pure milk and cream, wagon known as "Don Ton Dairy." A call over new phone 782 or address A. W. Slocum, 114 N. Academy street would be appreciated.

TO YOUNG WOMEN.

Letter from Miss Georgie Bryan, Secretary of the Social Economic Woman's Club of Memphis, Tenn.

How many beautiful young girls develop into worn, listless and hopeless women simply because sufficient attention has not been paid to their physical development. No woman is exempt from physical weakness and periodic pain, and young girls just budding into womanhood should be carefully guided physically as well as morally.
If you know of any young lady who is sick and needs motherly advice ask her to write to Mrs. Pinkham at Lynn, Mass., who will give her advice free from a source of knowledge which is unequalled in the country. Do not hesitate about stating details which one may not like to talk about, and which are essential for a full understanding of the case.

MISS GEORGIE BRYAN, 103 Vance St., Memphis, Tenn.
"I can heartily recommend Lydia E. Pinkham's Vegetable Compound to all young girls, for I have used it myself with the best of results."

"Last spring I was very much run down and was advised to try it, which I did; and I was most pleased with its results. The monthly aches and pains so common to women, especially distressing in my case, were all cured by Lydia E. Pinkham's Vegetable Compound, and I now always keep it on hand to help me over sick days."

How Mrs. Pinkham Helped Fannie Kumpfe.

First Letter.
"DEAR MRS. PINKHAM:—I write for advice in regard to my case. Menstruation has been coming twice in each month and I have such pains in my back and limbs and womb, and such hot flushes that it seems as though I would burn up. I have had doctors treat me but they have done me no good. Can you help me?"—Miss FANNIE KUMPF, 1922 Chester St., Little Rock, Ark. (Sept. 10, 1900.)

Second Letter.
"DEAR MRS. PINKHAM:—I feel it is my duty to write and tell you of the benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegetable Compound. The pains in my back and womb have all left me and my menstrual trouble is corrected. I am very thankful for the good advice you gave me, and I shall recommend your medicine to all who suffer from female weakness."—Miss FANNIE KUMPF, 1922 Chester St., Little Rock, Ark. (Dec. 16, 1900.)

O, my sisters, I do pray you to profit by the experiences of these women; just as surely as they were cured of troubles, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, nervous prostration, and all forms of woman's special ills.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

STATE OF WISCONSIN—County Court for Rock County—In Probate.
Notice is hereby given that at a special term of the County Court to be held in and for said county, at the Court House, in the city of Janesville, in said county, on the third Tuesday of June, A. D. 1902, to-wit: June 17th, 1902, at 9 o'clock, a. m., the following matter will be heard and considered:
The application of Frank D. Slawson for the appointment of an Administrator of the estate of Sullivan S. Slawson, late of the city of Janesville in said county, deceased.
Dated May 16, 1902.
By the Court,
J. W. SALE, County Judge.

RAILWAY NOTES

More Stone Here: Stone is being delivered and work on the foundation of the new passenger station will commence on Monday next.

Cleaning Switch Yards: The Northwestern road is cleaning up the north end of its switch yards in the vicinity of the passenger depot, adding not a little to its general appearance.

New Sand Chute: The Milwaukee railway company have constructed a sand chute for filling the sand boxes of locomotives. It is on a trestle about fifteen feet high and is situated between the water tank and coal sheds near the round house. The new chute greatly facilitates the work of supplying locomotives with sand.

To Move Depot: Local house movers do not take kindly to the job of moving the freight depot of the Milwaukee road. The building is a cumbersome one to handle and there are many rotten timbers in the floor, making the job of moving it rather risky. There is considerable freight yet in the building which will have to be removed before the structure is moved.

Excavation Nearly Done: F. M. Britt, who has the contract for excavating for the new passenger station of the Milwaukee road will have his part of the work nearly completed tonight. The principal excavation is for the boiler room and is just west of the High street crossing. The lower part of the excavation reaches a bed of soft mushy clay which does not offer a good base for a heavy building.

Are Ballasting the Tracks: The Milwaukee road has a considerable force of workmen ballasting up a half mile of track put in west from the round house and parallel with the main track. Hundreds of carloads of gravel are being used in ballasting the tracks in the yards west of the city and when the work is completed this company will have one of the best switch yards in this part of the state. A large part of the gravel used in this work is dug from the pit near the Hanson factory and the remainder is taken from Snipe Hill near the switch yards.

New Side Track: The work on the side track to the new cement post factory is being pushed along as a satisfactory pace. Ties and rails have been laid from the main track of the Janesville & Southeastern road to Spring Brook and the pile driver is now engaged in driving piles for a bridge across that stream for a short bridge. When that is done the work of completing the side track on the St. Paul road will be finished in a few days. After crossing to the east side of Main street the track will diverge, running on each side of the main building.

Persecuted Virtue.
"My family," said the daughter with the mild blue eyes and saintly expression, "have no sympathy with my aims. All I want is to do good in the world. I do not care for balls or theaters, or operas. But papa does not appreciate these motives, I am afraid."
"O, yes, I do, dear," said her parent, with a sigh, "I appreciate your motives all right, only if you would confine yourself to balls, and theaters, and so on, instead of philanthropy, it would be a lot easier on my pocket book."—Washington Times.

Before and After.
He paid her compliments galore,
And later they did mate;
Be he doesn't do it any more—
He simply pays the freight.
—Chicago Daily News.

ONLY ONE DEATH ALLOWED.

Prospective Buyer—Now, as to the death rate in this place. What is that?
Real Estate Agent—We only allow one death to each person.—Cincinnati Enquirer.

Caught on the Fly.
"I'll marry whom I please!" said she, "And tossed her little head."
"Hurrah! You're mine! For certainly You do please me," he said.
—Chicago Journal.

Bound to Be Delivered.
"I don't believe you will be able to deliver all the speeches you have prepared."
"Oh, yes, I will," answered the congressman. "I may not be able to deliver them to my colleagues on the floor, but I'll deliver them to my constituents through the post office."—Washington Star.

No Hypocrite.
Farmer Prym (in city theater)—Better take off your hat, Sary; all the other whin folk has theirs off.
His Wife—Let them, the brazen things! Nobody'll ever have a chance to say that I'd do anything in a show-place that I wouldn't do in church.—Brooklyn Life.

Domestic Bliss
Younghub—This coffee, my dear, reminds me of what my mother used to make.
Mrs. Younghub (flattered)—Does it, really?

Younghub—Yes. I used to think my mother made about the worst coffee in the village.—Chicago Daily News.
